

ALMAVIVA

EVENT PLANNING & RENTALS

ABOUT US

We are Elaine and Yovanka, and we started this dream the year before the Covid pandemic started.

Both of us have worked in hospitality industry for long time, even as wedding coordinators.

There was no provider in our region to rent furniture and decorative items. Everything had to be brought from San José. This gave rise to the business idea and we founded "Alma viva".

We offer the complete package: from decoration (furniture, glass- and tableware, flowers) to wedding planning. We support you finding the perfect music, mud, lightning and all the other details that are important for making your day special. The most unforgettable day of your life!

Chairs
